# Epping Forest District Community Safety Partnership Foreword

I have taken on the portfolio for safer, cleaner and greener from Councillor Sam Kane, and with it chairmanship of the district's Community Safety Partnership (CSP), and I am pleased to say that I find community safety in an excellent position to tackle the problems that face us in the 21<sup>st</sup> century.

During the latter part of 2019 we will see the National Police Air Support Unit commence operating from historic North Weald airfield. This is a service we are proud to host because it is such a valuable policing asset for our district and the region.

Collaboration with our partners, both statutory and voluntary, is well embedded within our working practices. Crime and the way it is committed has changed, becoming more organised and more borderless in its various manifestations. We continue to experience historic problems of property crime, such as house burglary or theft of and from motor vehicles which together with theft and robbery accounts for two thirds (64%) of our reported crime across the district<sup>1</sup> Criminals have become more sophisticated and organised using state of the art technology to steal high end vehicles.

We have also seen the scourge of urban street gangs and organised crime groups running 'county lines' into, out of and through our district. On this particular issue, I was impressed at the level of partnership work that led to the arrests in November 2018 of 24 people concerned in gang-related drug supply in and around Chigwell. Our existing structure of cross border intelligence sharing between the council, Essex and Metropolitan Police enabled us to develop Operation Rose. This created a massive blow to those who blight our communities by supplying drugs. The majority of those arrested have been convicted at court with many receiving custodial sentences and a small number still waiting to be dealt with. This illustrated the determination of partners to tackle the drug problem head on by co-ordinating resources for the benefit of the community. Our dedicated police team, working with the council's Community Safety Team, is making a big impact by using intelligence resources to target and defeat criminals, seizing their assets and bringing them to justice.

As gangs play an increasingly active part in crime within the district I am convinced that the community engagement initiatives we provide, such as Crucial Crew and #Consequences are having an impact in steering our young people away from this evil. I

---

<sup>1</sup> Community Safety Partnership Strategic Assessment 2018-19

am also convinced our Homesafe scheme is helping to keep our vulnerable residents safe, reducing the risk of repeat victimisation by a third.<sup>2</sup>

J9, our award winning domestic abuse signposting project is not only helping support victims of this underreported crime but has also been adopted by many other local authorities as best practice.

Going forward into 2019-20 our priorities will change to reflect the changing nature of crime in Epping Forest District and our Community Safety Partnership is prioritising the following issues:

- Violence
- Vulnerability
- Serious Acquisitive Crime

These themes will allow us to both protect those at risk, while targeting those who prey on the vulnerable. Reducing property crime, particularly house burglary, which can leave victims with a feeling of violation, will also be a key focus of our activity.

The Community Safety Partnership is in an excellent position to deliver front line services that really matter and can make a difference to the quality of life and I am proud to be its Chairman.

**Cllr. Nigel Bedford**

Community and Partnership Services  
Portfolio Holder

---

<sup>2</sup> Community Safety Partnership Strategic Assessment

## Community Safety Partnership

Community Safety Partnerships were first introduced nationally in 1998 to provide a multi-agency response to crime and the fear of crime within communities. They support the work of the Police and other statutory agencies and are widely considered as the most effective approach to finding joint solutions to local community safety issues.

In Epping Forest District, the responsible authority group is made up of Epping Forest District Council, Essex Police, Essex Fire & Rescue Service, Essex Community Rehabilitation Company, Essex County Council and National Probation Service. It has a statutory responsibility to:

- reduce crime and disorder
- protect the community
- reduce reoffending
- combat the misuse of drugs, alcohol and other substances
- help people feel safe

However, the delivery of the community safety agenda is not restricted to the agencies identified as responsible authorities, and the partnership includes and works with other agencies and voluntary sector groups including Neighbourhood Watch and Voluntary Action Epping Forest (VAEF).

The work of the CSP does not replace the work of the Police or the day-to-day business of the organisations involved, instead it is a channel for agencies to work together, delivering against agreed priorities, co-ordinating resources, achieving efficiencies and value for money.

The Strategic Board of the partnership meets on a quarterly basis and much of the work emanating from the CSP is undertaken and led by the Council's Community Safety Manager and Team.

### **Strategic Assessment**

Each year the CSP is required to produce a Strategic Assessment (SA) about crime and disorder levels in its area. The results of the SA are provided by Police Analysts and the findings used to identify themed priorities for the coming year.

Strategic Priorities for 2018-19 were:

- Domestic Abuse
- Anti-social Behaviour
- Hate Crime
- Residential burglary

### Daily Briefing and Tasking

The district has adopted a dynamic daily briefing and tasking structure which has the ability to directly respond to areas of concern and address local issues. This ensures a relevant, justified and cost-effective use of resources.

#### Epping/Brentwood Daily Call Daily 8.30am

Internal:      Participants PIN:

1. **Critical incidents on FCR briefing or highlighted by any partner**
2. **Social Media update – Community Concerns and good news stories**
3. **Overnight Arrests**
4. **Overnight incidents of note (CID Nightbook) -**
5. **Crimes recorded over the preceding 24 hrs and any actions needed to progress/allocate**
6. **Hate Crimes**
7. **Partner incidents/concerns**
8. **Resources & Plans for the Day**
9. **Any other business.**

## CSP Funding 2018-19

Organisation	Funding received	Expenditure
<b>Police Fire Crime Commissioner (PFCC) - core funding</b>	<b>£19268</b>	
Burglary Project		2,000.00
Community Safety Volunteers		1,500.00
Home Safe		2,500.00
J9 Epping Forest		1,500.00
Trading Standards		1,000.00
Volunteer Police Cadets		500.00
Active Citizens		1,500.00
CSP Contingency		6768.00
CSP Education /Training		2,000.00
<b>Police Fire Crime Commissioner (PFCC) – Community Safety Development Funding (CSDF)</b>		
J9	<b>£5,780</b>	5,780.00
<b>Epping Forest District Council</b>	<b>£26,189</b>	
Community Safety Volunteering		1,000.00
Partnership Co-ordinator		5,000.00
Homesafe		2,500.00
Op Rose		5,000.00
#Consequences		3,037.00
Crucial Crew		9,652.00
Essex Fire & Rescue – Firebreak	<b>£4000</b>	4,000.00
<b>Overall total</b>	<b>£55,237.00</b>	

# Performance Summary

## Highlights

### 1. Engagement

#### 1.1. *Crucial Crew*

Epping Forest District Council has run Crucial Crew since 2004. It is a 'learning by seeing and doing' event for Year 6 children which aims to support children as they move onto senior school, giving them the tools to stay safe, fit and healthy. They take part in various scenarios that all have key messages and at the end of the session take a quiz to test their knowledge on the various scenarios.

One of the many positive aspects of Crucial Crew is that all young people, whatever their academic ability, participate and shine. Key messages are conveyed in an interactive way and young people are tasked with identifying practical solutions to the problems they encounter.

This year's Crucial Crew was a great success with 1273 pupils attending from 34 local schools. The pupils were involved in interactive sessions presented by;

#### **Essex Fire and Rescue Service**

Dangers in the home, a mock bedroom scenario, pupils pointing out potential hazards in the room such as unattended hair straighteners, over loaded plugs, exposed wires and more.

#### **Safer Places**

(Domestic Abuse Charity)

Healthy relationships, a look at what makes a healthy relationship/friendship, pupils discussing what makes a good relationship highlighting trust, understanding and compromise.

#### **Red Balloon**

(Epping Forest based Christian Charity)

Online/Social Media bullying – the scenario took the form of an Instagram chat, pupils agreeing on the best action to take after receiving negative comments and images.

#### **Ace**

(Anglian Community Enterprise)

Sugar Swaps, an interactive session looking at sugar levels in popular foods and helping pupils understand the alternatives.

#### **Sainsbury's**

Vehicle awareness, a focused look at lorries and the hazards and dangers they pose.

## **Essex Road Safety**

A look at everyday safety, reminding pupils to keep alert when around roads, especially thinking about distractions including mobile phones and other devices.

## **Sparks 2 Life**

(Gang awareness organisation)

Discussion around gangs and the impact on gang- related crime, how to avoid being groomed into gang culture and positive life choice alternatives.

## **EFDC Community Health and Wellbeing team**

Keeping active, an active session reminding pupils of the importance of keeping active and the benefits to their health.

## **EFDC Apprentice Team**

Drug awareness, a focused look at drugs and their impact they have on pupils and their family.

At the end of the session pupils took part in the interactive quiz scoring over 95% in most areas. To continue their learning experience each pupil received a travel wallet with web contact details of all the agencies present on the day. It is something they can keep and use for future reference. As always, there were very positive comments from the schools that attended.

Crucial Crew is organised by the Community Health and Wellbeing team who bring their knowledge and experience in running large events. A number of dignitaries attended including the EFDC Chairman, Cllr Richard Bassett, portfolio holders and the High Sherriff of Essex, all of whom praised the event.

### ***1.2. #consequences 2018/19***

#consequences is a new community safety and awareness event aimed at Year 9 pupils, tailored to address issues relating to young people that have been identified as a key concern in the Epping Forest district.

Hosted by Epping Forest District Council's Community, Health and Wellbeing Team, specialist service providers deliver key messages about personal safety and wellbeing. They highlight the dangers of online safety, and look at relationships and the consequences of gang activity.

Its aim is to provide 1000 pupils in the Epping Forest District with the latest information and guidance to help them make the right choices regarding the issues facing them. The agencies use theatre and case studies to talk through the impact and consequences of decisions and actions, highlighting the consequences both positive and negative.

The presentation consists of an inter-active forum theatre production by Arc Theatre. This sets the scene and explores issues relating to young people’s relationships, awareness of peer pressure, grooming, sexting and online safety.

Spark2Life follows the theatre production with a case study - a young male adult and former gang member who talks about how he grew up in an abusive family related to gang life, corruption and violence. He talks about prison life, drugs and crime and how he turns his life around to help others to make them aware of the consequences of their decisions and actions.

Spark2Life and Arc theatre offers expert advice and support and are able to promote where, when and how pupils can access further help.

### 1.3. Essex Watch Liaison Officer

Epping Forest District Council’s agile working structure allows for a number of different community safety partners to hot-desk within the council’s Community Safety Team. For example the Essex Watch Liaison Officer, Paul Harris, is based in the hub two days a week working closely with the Community Safety Team. The officer provides co-ordination and oversight to many different schemes operating in the district and shares ideas and intelligence.

There are many watches up and running in Epping Forest District including:

**Neighbourhood Watch**  
**Business Watch**  
**Horsewatch**

**Pub Watch**  
**Farm Watch**  
**Heritage Watch**

The Essex Watch Liaison Officer also works closely with Police District Commanders, Crime Prevention Tactical Advisors, Designing Out Crime Officers and Community Policing Teams. He can be contacted by email: [Paul.Harris@essex.police.uk](mailto:Paul.Harris@essex.police.uk)

### Paul Harris

Essex Watch Liaison Officer for Epping Forest District

#### 1.4. Cross Border Activity

Since 2012 Epping Forest District Council's Community Safety Investigator has led a monthly cross-border intelligence sharing meeting involving Essex Police Community Policing Team, Operation Raptor (Gangs Unit), EFDC dedicated police Community Safety Team and Metropolitan Police Safer Neighbourhoods Officers covering Hainault, which borders Grange Hill. The meeting has a regular information exchange in relation to crimes and criminals of mutual interest to both areas. This has resulted in joint operations including Operation Rose.

As a result of the enforcement activity around this operation the Metropolitan Police Safer Neighbourhoods Officers were invited by Essex Police and the CSP to provide a structured input to Year 6,7 and 8 pupils at Limes Farm Junior School and West Hatch Senior School warning of the dangers of joining a gang and dealing drugs. Over 400 students were reached, demonstrating the excellent operational links that exist between all teams.

## 2. Prevention

#### 1.5. Homesafe project

The project is a partnership between EFDC Community Safety Team (CST) and C.A.R.E. (Caring and Repairing in Epping Forest) Home Improvement Agency.

Responsible authorities have a statutory responsibility to work together with other local agencies, organisations and people to develop and implement strategies to tackle crime and disorder misuse of drugs and help create safer communities.

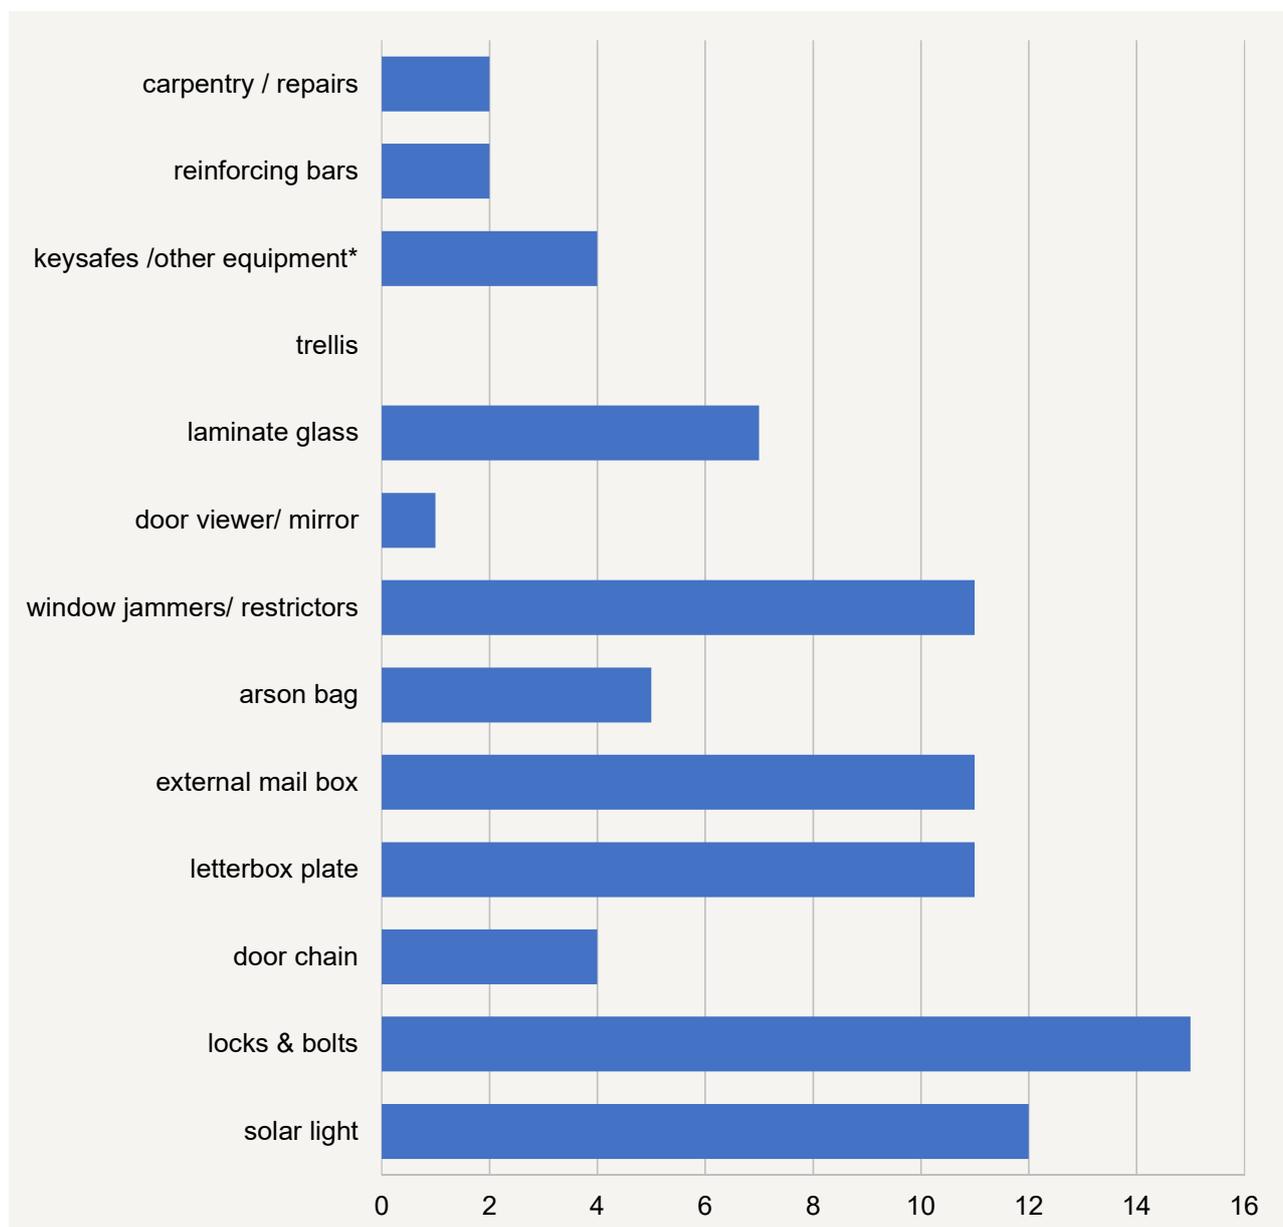

The Council's Homesafe scheme is designed to provide peace of mind to older and vulnerable residents by making their homes safer and secure, thereby reducing the risk of loss through burglary, fire or inadequate security. Referrals can be made via any organisation or a client can contact the Council directly. The Community Safety Team (CST) will arrange a security survey and based on their recommendations arrange a visit from our police vetted HomeSafe technician.

By working in partnership with the C.A.R.E. handyperson service, recommended security measures can be carried out on a job-by-job basis with the CST supplying 'Secured by Design' equipment for the handyperson to install as directed.

Common measures provided are:

- Security: door and window locks, door chains, spy holes and key safes (chargeable option). Solar lighting, laminate film, external mail boxes, letter box arson bags, letter box plating, door reinforcing bars, door guards, padlocks, hinge-bolts and door/gate bolts. In more serious cases the temporary fitting of small portable CCTV units can be made
- Applications to 01992 564608 or safercommunities@eppingforestdc.gov.uk
- HomeSafe Jobs 2018 -19

### 85 tasks were completed in 2018-19

continually growing National Problem Solvers group which received recognition from Secured by Design and the College of Policing. The scheme continues to deliver problem solving solutions to practitioners and has developed a considerable library of best practice initiatives.

Tony extended his volunteering services to Epping Forest District Council's Community Safety Team where he works as a Crime Prevention Advisor delivering advice and assistance to vulnerable victims of domestic abuse, burglary, hate crime and anti-social behaviour. Tony's expertise allows the Community Safety Partnership to provide an enhanced level of service to residents. Tony does this in his own time and with great enthusiasm and professionalism.

## Tony Ellis

Volunteer Crime Prevention Advisor

### 1.7. *Designing Out Crime*

The concept of designing out crime is not a new one but is often overlooked by developers. The principles are simple. Forethought at the design stage can prevent huge additional security investment after the development is built.

The Council's Community Safety Team works closely with planning, housing and Police Designing Out Crime Officers (DOCOs) to achieve Secured by Design (SBD) standards on new build or refurbished schemes.

Independent research shows SBD developments experience up to 75% less burglary, 25% less vehicle crime and 25% less criminal damage, so wherever possible new developments are encouraged to meet Secured by Design gold standard – an official police approved security standard, supported by the Home Office. All of Epping Forest District Council's new housebuilding initiatives are set to meet Secured by Design standards.

## Roundhills, Waltham Abbey – under construction

This project achieved SBD Gold standard for Epping Forest District Council

### 1.8. J9 Domestic Abuse Initiative

The J9 Domestic Abuse Initiative is named in memory of mum-of-two Janine Mundy, who was killed by her estranged husband while he was on police bail. The initiative was started by her family and the local police in Cambourne, Cornwall, where she lived, and aims to raise awareness of domestic abuse and assist victims to seek the help they so desperately need.

In Essex, the initiative was started by Epping Forest District Council. It expanded to Harlow and Uttlesford soon afterwards. Training is now available across the county. J9 training sessions delivered by Safer Places are intended to raise awareness and increase knowledge and understanding of domestic abuse for staff in public and voluntary sector organisations. In the course of their work, these staff may come into contact with someone they suspect is a victim of domestic abuse, or a client may reveal that they are suffering abuse. The training aims to ensure that staff are equipped to respond appropriately and effectively. Where the J9 logo is displayed in a premises it alerts victims that they can obtain information which will help them to access a safe place where they can seek information and the use of a telephone.

Janine used to sign her text messages J9 which is where the initiative gets its name.

### 3. Enforcement

#### 1.9. Operation Rose

During September 2017 following a spike in anti-social behaviour and knife finds on the Limes Farm estate, Chigwell it became apparent there was a street gang problem which involved threats, intimidation, violence and drug dealing.

The estate had a history of serious youth violence which involved fatal stabbings and a particularly graphic knife attack on an individual in front of a mother and her two young children. The Community Safety Partnership made an operational decision to launch a multi-agency operation to identify and bring to justice those involved in the supply of drugs on the estate.

£5,000 was made available to Essex Police Operation Raptor which led on gangs and drugs intervention, with the support of Epping Forest District Council's Police and Community Safety Team. Overt and covert resources were deployed backed up by the Council providing housing assets, intelligence and CCTV.

The operation lasted a year and by November 2018 police had compelling evidence against a large number of gang members. A series of co-ordinated raids by Essex and Metropolitan Police partners was launched culminating in the arrest of 24 people from Epping Forest District and the neighbouring London Borough of Redbridge.

Class A and B drugs, large quantities of cash and weapons were recovered. Offenders were charged with offences of conspiracy to supply class A drugs, supply of Class A drugs and possession with intent to supply class B drugs.

Our partnership working ensured this operation could be put in place to disrupt and remove a serious gang and drugs problem in the district.

#### Concealed knife finds from Limes Farm

## Epping Forest Community Safety Team Policing Hub Activity

The Epping Forest District Council funded police team became officially operational on 20 July 2018 although the three officers- one sergeant and two constables - had undertaken a period of orientation within the Council's Community Safety Team hub a month earlier

The team is tasked every two weeks, aligned to the Police, Fire & Crime Commissioner's (PFCC) Policing Plan priorities and the Community Safety Partnership (CSP) local priorities as identified in the annual strategic assessment. Only tasks that meet these criteria are undertaken, unless there is a definite risk of threat or harm to EFDC officers carrying out their lawful functions. Strict management of this process has resulted in low level requests being kept to a minimum, allowing officers time to self-generate work, including detailed interrogation of intelligence assets around the district, predicting and plotting locations of travelling criminals and preparing interception tactics.

A close professional working relationship has developed between Police officers and members of the Council's Community Safety Team, which allows integrated working between police, ASB officers, CCTV, Safeguarding, and Community Safety Investigators. The officers are also known to front-line council staff and have supported them when faced with threats, intimidation and aggression.

For instance, the team supported EFDC Planning Enforcement Officers in serving enforcement notices on a permanent Traveller site where they had previously been subjected to very aggressive threats and intimidation preventing them carrying out their duty. The police team liaised with Council's legal services and planning departments to develop a plan to allow notices to be served safely. Operation Xerses phase one was successfully completed without incident.

### Epping Forest District dedicated Police Community Safety Team

## Community Safety Partnership Priorities for 2019-20

The previous 12 months has shown a need to change emphasis on our priorities. There has been a noticeable change in tactics used by criminals involving the exploitation of the young, old and vulnerable. The CSP needs to address this change and therefore has agreed priorities which allow a far more flexible approach in tackling issues of the moment. Our priorities for 2019-20 will be:

- Violence
- Vulnerability
- Serious Acquisitive Crime

We will take an intelligence led approach to addressing these priorities including prevention, engagement and intervention. Our concern for the future is protecting our community by keeping people safe.
