Dear Resident

Car Drivers - We need your help!

We have managed to keep all of our waste & Recycling collection services operating during this period even though the amount of waste we are collecting have risen by a quarter.

But we need your help in continuing to deal with this heavy workload by ensuring all roads are accessible for our collection vehicles.

It would make our job – and that of the emergency services – so much easier if everyone took care not to park in a way that blocks access for collection vehicles, and other large vehicles such as ambulances and fire engines.

Please consider when you park whether a large vehicle would be able to get down the street. We want to continue to provide you with waste and recycling collections.

Thank you for your help and co-operation during this difficult period

Both vehicles need the space to manoeuvre to get safely into roads

Thank you for your help and co-operation during this difficult period

Yours sincerely

Georgina Blakemore
Chief Executive
